

Why PPE?

Practical Parent Education

Our History

PPE was started in Texas in 1984 as a collaborative effort with the school district, the community business people and the mental health professionals to solve troubling family issues that included teenage deaths from drug usage and suicide.

PPE programs NOW in 40 states and 3 foreign countries!

Practical Parent Education

PPE GOALS

- 📖 Practical Parent Education (PPE) shares a common goal - to help families raise healthy, happy children in today's complex society thus supporting America's greatest asset - it's families!
- 📖 Help eliminate the achievement gap.
- 📖 Encourage and Empower parents to take a more active role in the important role of parenting.

Receive 14 CEU Hours

-  State of Texas
-  Licensed Social Worker CE Provides
-  NCFR CFLE
-  Texas Boards of Examiners of Marriage and Family Therapist CE Provided

Customized Trainings

WHAT'S NEW ...

Next Steps

One day interactive workshop, will guide PPE trained parent educators as they create a profile of their families' assets and design a unique program that allows parents to learn parenting skills that are comfortable to them and support their children's success in school. The workshop will build on parent educators' initial knowledge of PPE curricula and their understanding of their families.
